The July meeting was at the Tunnack property where Lynda was the perfect host, making everyone feel welcome and ensuring nobody went hungry with an abundance of food on offer from everyone in attendance.

I would like to take this opportunity to thank Lynda on behalf of all for her hospitality and generosity.

It was a successful day with many attending from North, North West and South.

Many met up at Campbelltown to join in the convoy to Tunnack where the day began with walking around the property and gathering around a campfire and then retreating to the inner warmth due to inclement weather where community discussions began over topics of interest, sharing each other's values, skills and services and to offer support to each other.
